No.B.1.1665-43 dated 14th June 1944.

Sir,

Sub: Engine and Electric Generator at Agricultural Research Station, Hagari - disposal of.

There is an electric generator with engine of the following description at the Agricultural Research Station, Hagari:

A | "Bellis and Marcom, Petrol paraffin engine, 10 B.H.P., 4 stroke, 600 R.P.M., Vertical type, Twin cylinder, directly coupled to a shunt wound, 6 KW. 110-150 volts - D.C. Generator, with slate slab switch board, volt meter, ammeter and knife switch."
Makers: Bellis and Marcom Ltd., Birmingham.

2. They are no longer required at that station. They are also not required by any other officer of this department. The Chief Engineers P.W.D and Electricity and the Director of Industries & Commerce, Madras who were consulted state that they do not require the machinery for use in their departments. I therefore request that Government be pleased to ~~dispose of this~~ order their disposal by sale. The book value is Rs.4,412/-.

3. I also request orders whether the sale should be made after advertisement in newspapers or if it sufficient if wide publicity is given by circular notices issued by the Superintendent, Dry Farming Station, Bellary.

Your obedient servant,

for Director of Agriculture.

AGRICULTURAL DEPARTMENT

From Rao Bahadur B. Viswa Nath, C.I.E., D.Sc., F.I.C., Director of Agriculture, Madras.

To The Additional Secretary to Government, Development Department.

No.B-1.1665/44 dated 14th August 1944.

Sir,

Sub: Engine and electric generator at the Agricultural Research Station, Hagari - disposal of.

Ref: Government memo No.35172-A.III/44-2 dated 3-7-44.

P. 3 above

...

The exact date when the electric generator was purchased is not traceable. It was being used for generating power for the college. After the electrification of the Agricultural College Estate in 1935 it was transferred to the Dry Farming Station, Hagari for generating power for the soil physics laboratory. It is reported that the machinery is not working from the date of its installation in Hagari.

Your obedient servant,

V. K. Sastri

for DIRECTOR OF AGRICULTURE.

Order ~~Memo~~ No. 3666 dated 25-8-1944

Sanction is accorded to the sale of the Electric generator with engine at the Agrl. Research station. Hagari after advertisement in important Dailies

-p B&C or p in s

The sale price should not be less than the original value of the machinery less depreciation or the market value whichever is higher. The sale price should be reported to the Govt before conformation. A suitable provision should accordingly be made in the conditions of sale.

Dev. Dept

Note file

Subt. Stores. Agriculture. Engine and Electric generator at Agricultural Research Station Hagari disposal by sale from the D.A. No. B.1 1663/43 dated 14.1.44 to A.S.II

Please see the letter from the D.A at p. 1c-f. He reports that there is an electric generator with engine at the Agrl. Research station, Hagari and it is not required either at the station or by any other officer in his dept. The C.E.S. (P.W.D & Elec) and the D.I.&C. who were consulted in the matter have also stated that they do not require machinery in their departments. The D.A. reports that the book value is Rs. 4:4:2 and he requests orders of the Govt. for its disposal by sale. He orders whether his proposal will be accepted subject to the condition that the sale price should not be less than the original value (less depreciation) or the market price whichever is higher.

Orders are also requested on the D.A's request at p. 2 c-f whether the sale should be made after advertisement in newspapers or later giving wide publicity by circular notices issued by the Supdt Dry Farming station. Bellary. It seems desirable to ask the D.A to advertise in 'dailies' as it is likely that it would give more publicity than the circular notices

P.T.O.

Para 1, p. 1c-f
The DA has not stated when & for what purpose it was originally purchased & when it was not being used. He may be asked
A

Para 2, p. 1c-f
B

B on p. 1c-f
(B) for precedent in Govt's minutes at p. 5 and A on p. 18
Subject to orders

C
This must be done. Electrical machinery is difficult to obtain now. Govt may fetch good price
